The Blueprint for Educational Change Decision Protocol

Is the strategy aligned with the Blueprint?

- Should the Blueprint strategies & metrics be changed to accommodate this strategy?
- Is there a demand/need for this strategy?

Does the strategy advance the Goal?

- What evidence demonstrates that this strategy is a critical success factor for Goal X?
- Does this strategy change systems and/or require collaboration? If so, how?
- Are there clear and measurable deliverables within the next school year, next 2-3 school years, Next 5 school years? If so, what are they?
- Is the strategy scalable? If so, how?

Should the Goal Team Amplify?

- Is there an organization already undertaking this strategy? Who?
- Is this organization a willing partner? If not, what are the next steps?
- Are resources identified to enhance the capacity of organization to scale the strategy?

Should the Goal Team Catalyze or Incubate?

- Is there an organization already undertaking this strategy? Who?
- If no, do we have the resources to launch?
- Is there a clear & willing partner to transition project?
- Is our exit strategy clear & time delineated?

Should the Goal Team Execute?

- Is there an organization already undertaking this strategy? Who?
- If no, are there human & financial resources identified to support? What are they?
- Is there a sustainability plan for the strategy? What is it?
