

WESTERN INTEGRATED INTENSIVE FAMILY SUPPORT SYSTEM SUMMARY

Result:

Services in the Western Region work together in a transparent and responsive manner to achieve better outcomes for children and families

Objectives:

1. Common regional indicators to identify gaps and use resources more efficiently
2. A system wide structure that supports collaboration, information sharing and data collection
3. Responsive to cultural needs
4. Clear understanding and navigation of the system
5. No wrong door policy
6. Consistency in service delivery and funding
7. Organisational allocation of resources to support WIIFSS
8. Support for staff to do their work
9. Demonstration of clinical effectiveness and use of outcomes measurement and evaluation

Principles underpinning our work:

- Commitment to a clear and common result
- Shared values
- Constant and open communication
- Shared responsibility for achieving the result
- Genuine collaboration
- Commitment to early intervention
- Commitment to a person centred approach
- Listening and responding to the voices of children and families
- Inclusion of children and families in creating the solutions
